

# ISCT – Company Overview

- **Legal form:**  
**SAS (Simplified Joint Stock Company)**
- **Founded: 2025**
- **Headquarters:**  
**10 rue de Montjay, 91440 Bures-sur-Yvette**
- **President: Ali Mohammad-Djafari**
- **Share capital: EUR 2,000**

# Mission and Objectives

- **Scientific consulting**
- **Technological development**
- **Artificial intelligence and quantum solutions**
- **Industrial innovation and performance**

# Founders

- **Ali Mohammad-Djafari :**  
Former Research irecteur at CNRS, LSS, CentraleSupélec  
Expert in :  
Inverse problems, Bayesian inference,  
Signal and Image processing, Computer vision and ima  
Machine Learning, and Artificial Intelligence.

- **Mohammad Takook :**  
Former Professor of Theoretical Physics, Paris Sorbon  
Expert in :  
Quantum Physics, Quantum algorithms, Optimization,  
Physics Simulation  
Quantum computation

# Vision & Strategy

- **Become a leader in AI and quantum innovation for industry**
- **Promote scientific excellence and Technology transfer**
- **Expand shareholding to industrial and scientific partners**

# Core Activities

- **AI algorithm development for industrial use**
- **Quantum-enhanced computing models**
- **Digital Twin platforms**
- **Consulting and R&D partnerships**
